Hello! We are the Osbourn High School FIRST Robotics Team 1895, Lambda Corps, from Manassas, Virginia. We compete in the FIRST Chesapeake District, which consists of teams from Maryland, Washington DC, and Virginia.

What Have We Accomplished?

Team 1895 has proudly:

- Gained notoriety in the FIRST community for engineering excellence and exemplary professionalism
- Consistently qualify for Chesapeake District Championships which expands across Maryland, Washington D.C., and Virginia
- Earned awards for our engineering and software
- Ranked highly in qualification rounds
- And have won playoff tournaments!

How Do Our Members Grow?

Lambda Corps members learn about different STEM careers while broadening their interests. They gain hands-on experience with technologies such as 3D printing, coding, robot wiring, and both additive and subtractive manufacturing.

Beyond technical skills, our members also develop essential life skills such as leadership, teamwork, and perseverance. As a student-led organization, every member has the opportunity to grow, succeed, and make an impact in STEM as well as in the competitive world beyond.

How Can You Help?

Running a FIRST Team involves many expenses, and we offer different sponsorship opportunities to help support our efforts. Team 1895 is currently seeking sponsorships for our robotics program to continue inspiring the future generation of engineers and leaders. Below details is a list of items the team is actively fundraising sponsors to cover beyond the general operating costs.

Items
Raw Manufacturing Materials
Advanced Hardware
Updated Tools
Team T-shirts/Jerseys
Pit/Sponsor Banners
Hotel Accommodations
Safety Gear
Transportation

With your sponsorship, our team would be able to compete at a high level both locally and nationally with more advanced features on our robots. These donations are welcome in the form of monetary donations or as store vouchers. **Please make all checks out to Osbourn Robotics.**

Our mailing address is:

*Osbourn High School
Attn: Osbourn Robotics
